Dear Mr. Dewey:

Thank you for your letter and the early National Coin Week documents.

We are working on the archives and I am not aware of any National Coin Week material earlier than this from 1942. What an exciting addition to our files!

Congratulations on winning the Wayte Raymond award. I know you have been a steady contributor to The Numismatist and the award is well deserved.

Thank you again for sending this material for our archives. I look forward to hearing from you again.

Sincerely,

Nancy W. Green
Librarian
